

Spellings

(practise these in your neatest, joined handwriting)

wild	old
climb	cold
most	gold
only	hold
both	told

How many of your spellings can you include in one sentence that still makes sense?

Hello Year 2! It's going to be another sunny day today so make sure you get outside and enjoy the lovely weather!
Here are your tasks for Tuesday
Miss Clement ☺

The Scented Garden

English

Today we are going to create our information poster all about a plant or flower of our choice. Look back at the 'All about sunflowers' poster we looked at yesterday. Posters should be eye-catching, include lots of facts and have different sections each with its own subtitle.

Make sure you include the correct scientific vocabulary and use your neatest, joined handwriting to make your poster look attractive.

I would love to see your finished work!

Art - garden colour palette

Hopefully you had chance find lots of different flowers and plants yesterday. Today we are going to explore colour in plants and flowers. You may choose to do this in your own garden or out and about around the village. How many different colours can you find in the different plants and flowers that you see? You may choose to just focus on green, in which case look for different shades of green, or you could try to create a rainbow by finding lots of different colours. Create a colour palette by sticking an example (e.g. a leaf or a petal) of each colour into your home learning book and writing the plant or flower it came from (if you know the name). Make sure you ask an adult before picking anything and wash your hands afterwards.

Maths

First, warm up your brain by playing 'guess my number' with an adult. We have played this game lots at school. Using your 100 square see whether you can guess the number based on three clues given by your adult e.g. my number is less than 50, more than 40 and is a multiple of 5. Then swap over and see if they can guess your number! After that, have a go at Summer Term - Week 3 w/c 4th May Lesson 2 focusing on 'comparing number sentences'. You can find the video, question sheet and answers here
