

# Forest School

This week, we had our first forest school session in Dusty's Wood. We practiced our team work and communication skills with some fun games and exciting forest school activities including; fire-lighting, forest management, and working in the mud kitchen!

We also took part in some fun activities as part of our ***Tribal Tales*** topic. This week, we've been learning about the Stone Age. So we had a go at making our own Stone Age paint and paint brushes, as well as starting to build a Bronze Age house!
