

Maths

In Maths, we'll be continuing our work with addition and subtraction of 3-digit numbers. As well as beginning to explore multiplication and division. We will also continue to practice our 3, 4 and 8 times tables.

English

This half term we'll be focusing on:

- Writing our own recounts from a different perspective.
- Writing detailed instructions and explanations.
- Testing our knowledge of metals by creating a list poem.
- Developing our reading skills whilst reading 'The Iron Giant' by Ted Hughes.

P.E.

In P.E. this half term, we'll be developing our motor control with gymnastics. We'll also work on our teamwork skills whilst creating our own games.

Science

In our science lessons we'll learn all about forces and magnets! We'll discuss different forces such as friction, gravity and magnetic force. We'll also observe how magnets attract or repel each other.

R.E.

We'll be learning about different religious festivals and why they're important to us.

French

Our French topic is 'All About Me', and will help us to understand and follow instructions, name parts of the body, identify colours and say what we are wearing.

Music

In our music lessons, we will continue with our previous work on rhythm whilst learning how to use our own voice as an instrument.

Year 3 Curriculum Map - Autumn 2

Mighty Metals

Geography

In our geography lessons we'll look at developing our geographical knowledge whilst locating countries and cities in England and Europe. We'll also learn about using a compass and grid references whilst reading maps.

Computing

In Computing we will continue with our spreadsheets topic. We will also continue to develop our typing skills whilst writing up our work and learning about emails.

PSHE

This half term we'll be learning about the different ways to manage our emotions and the effects that bullying can have on people.
