Do you own or work for a local business? Can you support a local school project?

Ex Woodstone pupils Clara Bailey, James and Tom Martinson are looking for sponsors or donations for their F1 in School project 'Dragon Racing with Ashby Schools'.

As a sponsor, they will use your company logo on their car and team uniform and donations will go towards the cost of the uniform, lanyards, transport to competitions, also materials and equipment required to make their F1 in Schools' car. For example, the kit needed to manufacture one car costs £20.40.

They are lucky to have volunteers from Rolls Royce sharing their knowledge and expertise. Would you like to join them?

FOOD FOR LIFE NEWS

ANNOUNCING ...

Leicestershire schools who have received £50 of garden vouchers for brilliant **Edible Growing** ideas:

Woodstone Community Primary School
and
Newton Linford Primary School

We look forward to hearing more about how these projects grow!

A MASSIVE THANK YOU!

The whole Woodstone community together in a recent collection for the people of Ukraine. Many of the pupils were deeply affected by the news stories coming from the Russia/Ukraine crisis, particularly the pictures of the many refugees. They wanted to help in some way and together with the help of parents and members of the local community started a collection of clothes, toiletries, nappies and many more items. After an amazing response they managed to fill TWO large vans in just 24 hours! Thanks to ?????? Bexton for collecting all the items and taking them to Midland Calliper who will be driving them to the Polish Ukraine border. **THANK YOU FOR YOUR AMAZING GENEROSITY**

The Crisp Packet Recycling Scheme

We cannot thank you enough for your dedication and support over the past three years. When we launched The Crisp Packet Recycling Scheme with Walkers in December 2018, there was no nationwide solution for recycling flexible plastics, such as crisp packets. Thousands of people demonstrated how much they wanted to recycle their packets!

With your help, we have collected millions and given them a second life, turning crisp packets into new products like outdoor furniture and playgrounds. Not only this, but your actions have helped change the way others think about recycling.

Over the past year, more and more flexible plastic recycling points have been established at supermarket locations nationwide, creating a network of more than 3,500 collection points today. This means crisp packets can now be dropped off for recycling, along with all other types of flexible plastic, at any of these locations. In light of this progress, and after careful consideration, The Crisp Packet Recycling Scheme will close this April.

The last day to send crisp packets to us here at Woodstone will be 8th April 2022.
