

PREDATOR!

Year 3 Curriculum Map Summer Term 1

In **English** during this topic, we'll be:

- Writing our own dilemma stories
- Developing a fact file about a predator
- Writing a first person recount of an exciting visit

In **Maths**, we'll continue to develop our understanding of:

- Measuring length and perimeter
- Fractions
- Reading and comparing time

In **Science**, we'll be learning about animals, including humans. We'll discuss the differences in diets between different species and the importance of nutrition. Also, we'll develop our understanding of different types of skeletons.

In **Geography**, we'll be learning about the different climates across the world and the different types of animals that have adapted to their habitats

During our **Art** lessons, we'll focus on evaluating and improving our designs whilst learning about the famous British sculptor, Henry Moore.

In **French**, our topic is 'Our School'. We'll be learning new vocabulary and phrases related to the theme of school.

During our **ICT** lessons, we'll be looking at presenting information in different formats, as well as completing independent research into different types of predators.

In **Music**, we'll learn about the technology, structure, and different forms of music. We'll also continue to practice our recorders.

In **PE**, we will develop our coordination and teamwork whilst performing gymnastics and playing football.

In **PSHE**, we'll be learning about keeping ourselves safe by talking about risks and how to manage them.

In **RE**, we'll be learning what it means to be a Christian today.
