

Day 4 - Thursday 26th March 2020

Hi Fab 5s! I hope everything is still going well and you're managing to enjoy some relaxation as well as completing your tasks. Try to keep to your timetable. Here are the tasks and challenges for today so read them carefully and try your best with each one. **Remain a proud learner!**

Subject	Task	
Maths	Money problems. Ask your parents for a shopping receipt from the supermarket or get them to make one up if they haven't got one. Look at the prices and do the following to them (show your working out): 1. Round ten of the individual prices to the nearest 10p and then the nearest pound. 2. Find two items that you could buy together for between £4.00 and £5.00. Repeat three times. 3. Set yourself some price targets (as in 2) and find combinations of items you could buy within them. 4. Choose 2 items you could buy for less than £10.00. Work out the change you would get. Repeat x3	
English	Write a recap of the last three days. What have you done? Who did you do it with? What did you enjoy/find hard? What have been the best/worst things about being at home? Remember, write in the past tense! Read to yourself for at least 15 minutes and to an adult for 10 minutes. Discuss as always.	
Creative	Carry on with your 'Alchemy Island' board or card game. Remember, it has to be a really well-made game, with clear instructions so everyone can play it when we get back to school.	
Physical	Make up a dance routine or a set of fitness exercises to perform/do to your favourite song. If you can, record it to show to the class when we return to school!	Join in with the Joe Wicks 9.00am School Workout on YouTube. Everyone's doing it!
Challenge	Time how long it takes you to write down the alphabet. Now hide it and time how long it takes you to write it backwards! See if you can beat your time for both later in the day.	

Good luck, enjoy and stay safe!
