

## Spellings

(please practise these in your handwriting book)

enjoyment argument  
sadness happiness  
careful plentiful  
playful cheerful

Our spellings are getting a bit more tricky! Try the first 4 and if you crack these try the next 4

Good morning Year 2! Thank you for sending your fantastic life cycle work to me yesterday. Keep working hard on the presentation of your work - it is looking much better! Here are your tasks for Wednesday

Miss Clement ☺

## Maths

We are continuing our work about fractions today. Have a go at Week 2 Lesson 3 focusing on 'unit fractions'.

<https://whiterosemaths.com/homelearning/year-2/>

Remember you can answer the questions on the printed sheet, in your home learning book or verbally.

## Art - Save the Bees!

We've learnt a lot about bees this week and the amazing job they do producing honey and pollinating flowers. Sadly over the past few years the number of bees has been getting less and they need our help to survive! There are lots of easy things we can do to help.

<https://thehoneybeeconservancy.org/how-to-save-the-bees/> Have a read here, then make a bright, eye-catching poster to encourage people to look after our very important bees. I would love to see your finished posters!

## English

Today I would like you to finish your information leaflet. If you have some more writing to do then keep writing. If you have finished the writing you can decorate the front cover. This needs a bold title and some illustrations to tell your audience what your leaflet is all about. Please email your finished leaflet to me - I would love to see it!

Read the poem on the next slide. Try to add expression to your voice. Can you memorise the poem and perform it?

## Riddle of the day

When things go wrong  
what can you always count on?

## Did you know...?

Honey never goes off!  
Archaeologists have found honey that is over 5000 years old!

BUZZ! goes the bee,  
Hour after hour,  
BUZZ! goes the bee  
From flower to flower.

Sucking out the nectar  
Flying it home.  
Storing up the nectar  
In the honeycomb

BUZZ! goes the bee,  
Making honey so  
sweet.  
Bee makes the honey  
That I love to eat!
