

Welcome to Year 6 Autumn Term 1 Gallery Rebels

Morning activities

Every morning when they arrive, the children will complete a short task involving grammar, spelling and arithmetic.

Spellings

Spelling sessions will occur 3-4 times a week, focusing on the spelling patterns and rules needed for Year 6. It will be assessed through their application when writing.

Maths –

This term we will be working on: Number: Place Value, Four operations and fractions. In Geometry we will be focussing on position and direction. Reasoning and problem solving as well as mental arithmetic will be taught within every lesson.

Whole Class Reading

This year we will be doing whole class reading lessons where we will focus on different genres and answering different questions. Our class book is “The Fire Within” By Chris D’Lacey

Topic:

Through our topic work we will be learning about...

- Different art genres and the artists that made them famous.
- How to develop our art skills with different mediums.
- How artists use colour to express emotions in their work.
- Where there are famous art galleries in the world.
- How to create artistic sculptures.
- How to create our own art exhibition.

English

We will be using our Topic – Gallery Rebels as well as Roald Dahl day as our inspiration to write a variety of genres including: narratives, biographies, poems, newspaper reports and persuasive letters.

Science –

This term we will be Working Scientifically focussing on. **The Science of Sport** we will investigate and explore the grounds, the kit, the people, the physics and lighting up night time matches!

Computing

In our computing lessons we are going to be investigating and creating spreadsheets and how to code.

PE

This half term we will be practising our Hockey skills every Wednesday afternoon and then Volleyball on a Friday afternoon.
