

'My Choice' Homework

This half term our topic is **Paws, Claws and Whiskers!**

What work will you choose to do at home about this topic? Here are some ideas:

- Make a scrapbook about your pet or a pet belonging to someone you know. What is the pet's name? What animal type and breed of animal is it? Add photographs or drawings about the interesting things they do.
- Find out about the different pets belonging to your friends and family and record the results as a pictogram. Which pet is the most/least popular?
- Research unusual pets using non-fiction books or the internet. What does it eat? How should it be cared for?
- Visit a zoo, pet shop or museum and record your experience by taking photographs, drawing pictures or writing a recount of your day.
- Watch documentary footage of animals in the wild. Try making a mini documentary about your own pet. Don't forget to add your voiceover!

This homework is due in by **Thursday 6th February** 😊
