

What happens when we fall asleep?

Mathematics

This half term we will be continuing to work with numbers to 5. We will be thinking about identical and non-identical groups as well as exploring place value through one more and one less. We will also be thinking about measurement and time. Children will order important times in their day and use positional language to describe when events happen.

Understanding the World

We will be finding out about nocturnal animals and space. This half term we will also be learning about Halloween, Diwali, Firework Night and Remembrance Day. We will also be continuing with our weekly Forest School sessions on a Friday morning.

Literacy

This half term we will be introducing lots of new sounds and some new tricky words with phase 2 and 3 phonics. We will also be concentrating on forming our sounds correctly.

Personal, Social and Emotional Development

This half term we will be thinking about me and my world. Exploring our school and home life as well as our local neighbourhood and caring for our world.

Expressive Arts and Design

This term we will be designing and making our own rockets and planets using malleable materials. We will also be having a go at a range of different crafty activities within the classroom.

Communication and Language

This half term we will be exploring vocabulary in regards to seasonal changes. We will also continue to provide the children with opportunity to share their thoughts, feelings and opinions.

Physical Development

This term we will be continuing our weekly PE sessions. We will also continue to develop our fine motor skills through 'Dough Disco' and our 'Funky Fingers' activities.
