*Growing together, Learning forever*

Monday 23<sup>rd</sup> March

Dear Parents/Carers,

As I explained in my previous letter, I will setting the children's work to complete at home for each day by 9am. Each day there will be these activities:

- Maths (arithmetic & a task)
- English
- PE
- Foundation subject/ science
- A fun 'challenge'
- A house chore!
- A diary entry

I do not mind in what order or at what times these activities are done, but my suggestion would be to keep as close to their normal routine as possible. This would be maths and English before lunch, with the foundation and 'challenge' activity in the afternoon.

I have also sent an email inviting all children to join 'Seesaw'; an online classroom where both the children and I can upload work etc. If you could follow the instructions on the email to set the children up I would very much appreciate it. I think this will help the children to stay motivated whilst working from home!

For any of the work set over the forthcoming weeks, I am happy for the children to record their work in different ways. For example, they may wish to do writing activities using a laptop or computer or they might prefer to write it in their exercise books. I am happy with whatever way the children prefer, as long as the task is done well. If the children want to take pictures of any activities they complete too, this is fine.

Hopefully between the school website and Seesaw, it will make the transition to learning at home a bit easier!

Please stay safe and I hope to see you all very soon!

Beckie Daley  
Year 6 Teacher
