

Maths

In our Maths lessons, we will be:

- Solving multiplication and division problems involving the 2, 5 and 10 times tables.
- Recognising, comparing and finding the totals of coins.
- Recognising and finding a half, a quarter and a third of shapes and quantities.

Geography/History

In our Geography and history lessons, we will be:

- Identifying Human and physical geographical features
- Using simple compass directions and locational and directional language to describe the location of features and routes on a map

Science

In our Science lessons, we will be:

- Exploring and comparing the differences between things that are living, dead and things that have never been alive.
- Using a simple food chain to describe how animals obtain their food from plants and other animals.

RE

In our RE lessons, we will be:

- Learning about how and why we celebrate special and sacred times

English

In our English lessons, we will be:

- Learning to identify features of instructions
- Writing our own set of instructions for a game we have designed
- Researching animals that bounce and creating fact files.
- Writing information booklets about our favourite sports.
- Identifying and using adverbs and subordinating conjunctions in our writing.

Computing

In our Computing lessons, we will be:

- To create pictures on the computer using the 2Paint programme
- To combine effects to enhance patterns
- To create surrealist art using drawing and clipart.

PSHE

In our PSHE lessons, we will be:

- Learning about relationships as part of our healthy and safer lifestyles unit

PE

In our PE lessons, we will be:

- Participating in team games, developing simple tactics for attacking and defending.

Art /DT

In our Art and DT lessons, we will be:

- Designing and making a marble run structure

Music

In our Music lessons, we will be:

- Learning about pitch
- Developing our confidence in playing notes B, A and G on the recorder

Bounce!
