

## Spellings

(please practise these in your handwriting book)

television    measure  
treasure    pleasure  
usual    occasion  
division    usually  
vision    leisure

Can you think of  
any more words  
with a 'sion' or 'ure'  
spelling pattern?

Good morning Year 2! I hope you all had a lovely weekend and are well rested and ready for another week on home learning! Here are your tasks for Monday  
Miss Clement ☺

## Maths

First, have a go at these 10 mental maths questions to warm up your brain <https://www.topmarks.co.uk/maths-games/daily10>  
We are continuing our fractions topic this week. Have a go at Week 2 Lesson 1 <https://whiterosemaths.com/homelearning/year-2/> which focuses on recognising a third. Remember you can answer the questions on the sheet, in your home learning book or verbally.

## English

This week we are writing non-chronological reports about insects.

This is an information text which tells the reader factual information about a topic (you might remember we wrote a report about Captain Cook during our Land Ahoy topic). Watch this video to remind yourself about the key features of a report

<https://www.bbc.co.uk/teach/class-clips-video/english-ks1-ks2-how-to-write-a-non-chronological-report/zvbtscw>

Then, choose an insect you would like to write your report about (try not to choose the same insect as you wrote your riddle about). Today we are finding facts and planning our report so find as many facts as you can about your insect and make notes. You could use headings such as 'appearance', 'habitat' and 'life cycle'.

## Science - Bees

This week we are continuing our 'Wriggle and Crawl' topic focusing on one particular insect - the honey bee! Watch this video

<https://www.bbc.co.uk/teach/class-clips-video/geography-ks1-how-honey-is-made/z7j76v4> to find out all about honey bees. The children find out about three different types of honey bee - drones, workers and the queen bee. Choose one of these bees to sketch into your home learning book and write a short paragraph to explain their job in the colony. You can find detailed photos of each bee here

<https://www.dkfindout.com/uk/animals-and-nature/insects/bee-colonies/>

Read aloud to an adult for at least 10 minutes. Remember there are lots of books online if you are looking for something new to read.

## Riddle of the day

What is always in front of you but can't be seen?

## Think of the day

Can you see sounds?
