Spellings (please practise these in your handwriting book)

station addition fiction subtraction motion potion national option fiction introduction Can you think of anymore spellings with a 'tion' ending? Good morning Year 2! I'm looking forward to seeing your fantastic work today - please email it to me <u>year2@woodstone.leics.sch.uk</u> Here are your activities for Tuesday Miss Clement ©

## <u>Maths</u>

Today is the last lesson of our fractions topic. We are focusing on Summer Term Week 1 (w/c 20<sup>th</sup> April) Lesson 2 - counting using fractions. You can find the lesson, worksheet and answers here: https://whiterosemaths.com/homelearning/year-2/

> Then have a go at this game <u>http://resources.hwb.wales.gov.uk/VTC/ngfl/ngfl-</u> <u>flash/fractions/fractions.html</u>

<u>Art - Camouflage</u> Yesterday we learnt about how insects and other animals use camouflage to protect themselves from predators. Today we are going to create a piece of artwork using camouflage as our inspiration. Choose an animal (it doesn't have to be an insect) with a camouflaged pattern. Then use this pattern to create a piece of artwork. There are some ideas on the next two slides which you may like to use for inspiration. Remember to tidy up after you have finished!

## **English**

For our next few English lessons we are going to create our own eBook all about insect lifecycles using Purple Mash.
Choose an insect you would like to focus on (a different insect to the one you chose for your leaflet) and research its life cycle. Make notes about each stage ensuring you include the correct scientific vocabulary. Keep these notes safe- you will need them for tomorrow's activity.

Hopefully you had chance to pick up some new reading books from school last week so you should have something new to read! Read aloud to an adult for at least 10 minutes. Can you recall what you have read in the correct order? <u>Riddle of the day</u> Where can you find cities, roads, town, shops and streets but no people?

Did you know...? A pet hamster can run up to 8 miles a night on a wheel!
